Niya Singh Shekhawat

Aspiring Data Scientist | Studying CSE (Data Science) | GNITS'29
Hyderabad

Hyderabad, Telangana, India

Summary

I am a second-year B.Tech CSE Data Science student at GNITS Hyderabad. I love building things that actually work. This is what inspires me. I am really interested in Artificial Intelligence and building solutions that solve real-world problems. I think it is better to learn by doing things of waiting to learn everything first. leetcode: <https://leetcode.com/u/niasshekhawat/> codeforces: <https://codeforces.com/profile/niyasingh> You can see my projects here: GitHub: <https://github.com/NiyaSinghShekhawat>
